The reference was cited in an Official Action dated April 22, 2004 received from the Canadian Patent Office. Applicants are submitting a copy of the above-cited reference. The relevance of the reference is described in the Official Action. Please note that Japanese Laid Open Publication No. 2000-121967 dated April 18, 2000 also cited in the Canadian Office Action was previously cited in the Information Disclosure Statement filed October 8, 2003. Applicants are submitting a courtesy copy thereof.

In compliance with the requirements of 37 C.F.R. §1.98(a)(3), as a concise statement of relevance, as it is presently understood by the individual designated in 35 U.S.C. §1.56(c) most knowledgeable about the content of the information, the undersigned attorney of record submits an Official Action by a foreign examiner in which the references were cited. The relevance to the pending U.S. patent application is that the Office Action issued in a foreign patent application on the same subject matter. However, no independent analysis of the Office Action, the accuracy of the statement of the foreign examiner or the claims of the foreign application under the laws of that country or the United States relative to the subject matter claimed in the present application has been made; the present understanding of the contents thereof by the undersigned being based on the foreign examiner's comments submitted herewith.

The undersigned attorney hereby states that each item of information contained in this Information Disclosure Statement was first cited in any communication from a foreign

patent office in a counterpart foreign application not more than three months prior to the filing of this Information Disclosure Statement.

Respectfully submitted,
